- Ensured enhanced performance and stability of client websites.

EDUCATION

University of Ilorin, Ilorin - *Bachelor of Engineering*

October 2013 - April 2017

PROJECTS

Hamari agency website - https://hamari.agency

March 2020 - July 2020

The client had specific requirements for site development, including using designs provided by a UI designer, implementing a static site generator for improved page speeds, integrating a CMS for easy content updates by non–technical users, and site responsiveness. I successfully met all these criteria by developing the site using Gatsby.js with Contentful as the CMS.
